## Cardiff Leagues

The following are the teams that have registered an interest to play or have contacted me to be in the leagues. Please check to see if your name is there as I may have omitted it. Contact me to let me know so that I can adjust my list.

This is not a hard and fast structure yet. It allows me to add new team or remove a division depending on demand. Obviously with the change of venue this year the paperwork did not go out to everyone and so I will have the usual stream of late registrations on my hands to juggle. My apologies if you have registered and are waiting on a format. I will wait until after the first introductory nights to finalise the draw and maybe tinker with moving teams from one league to the next depending on ability and experience.

I am still waiting for a number of people to get back to me re their intentions. Note there are some places but not loads.

Womens division(s)

I can easily move the women league into 2 or even 3 divisions like we had last year of 3 divs of 4 after two pools of 6 was split in the second half of the season. Work on this is on going and I will wait until after the intro night to finalise.
